*Here is some food for thought.  
Grab a partner and start chatting!*

---

## APPETIZER

What is your ten-word autobiography?

What brings you here?

---

## MAIN COURSE

Tell me about a woman in your life that inspires you and why?

Where do you see yourself in 5 years?

If you became President tomorrow, what is the first thing you would do?

If you were given fifteen minutes to present to the National Space Council, how would you use it?

A classmate of yours has an idea for a new aerospace start-up, and asks for your help developing the idea, raising funding, and getting started? Assuming you believe in the potential of the idea, how would you help?

---

## DESSERT

Imagine you are in a meeting. You've got an idea that you believe in, but the group doesn't seem to be hearing it. What are you going to do?

What type of leader do you want to be?

---
